Where are the grades?

- Brighten uses a standards-based grading system, in which we believe a student has the entire grading term/year to demonstrate learning
- Assignment grades will show to the far right of the title, once the teacher enters scores
- (Term) Summative grades will not display until report cards post

Student Portal

Why? They need to review their grades too!

Sit together and talk about the graded assignments

Review Google Classroom as a team and connect the work to the score

Teach your student to email their teacher as a life skill
